

## CIRCLE OF CARE - REVEAL!

The Professional Women in Building Council is partnering with *Circle of Care* for their 2022 & 2023 philanthropy project. *Circle of Care* provides emotional and financial assistance to children and families, from day of diagnosis through treatment and beyond, with programs and services that meet the unique and challenging needs of pediatric cancer treatment. As part of the **Art From The Heart** program, the PWB will collaborate with *Circle of Care* to design and build room makeovers for two children currently undergoing cancer treatment.

In November, PWB members gathered to make the dream playroom a reality for the first child, Milo. The team put together furniture and toys, sorted items, and decorated the room to perfection. The reveal was perfect, and the family was thrilled.

Please see names of volunteers, donations and pictures below!

### **Volunteers:**

Rebecca St Germain, Emilia Ferri, Kerry Brunn, Stephanie Rapp, Robin Carroll, Peggy Rubens Duhl, Mara Skowronek, Lora Mazurak, Joanna Silegno, Michelle Hughes, Erin Shiarzay, and Lydia Cobb (MetLife)
